Actually, I think this email is the new schedule. Basically, "You should have completed it yesterday." OK

Thanks,

Hi everyone,

Some folks have asked about another FIP meeting and a new schedule. I had not planned on setting up another meeting so that instead, you can focus on the work that needs to be completed. If I hear from folks that there is a need for a meeting, I am happy to set one up. As far as a new schedule, I have not created one, since I believe we are now operating on a "to be completed as soon as possible schedule". Let me know what you need from my end.

Thanks,

Dee

Subject: U&O FIP: OP update

Hi All,

Our OP contact, Jan Gilbreath, said that the request for non-significance will go to OMB early next week. It looks likely we won't hear anything until the week after Christmas. However, if OMB wants a briefing on the proposal, we might hear about that pretty soon—maybe within a few days of submitting the request.

Jan is still working on finding answers regarding how the Congressional Review Act may impact our FIP schedule, per Dee's email below.

Please call if you have any questions or concerns.

Thanks,

Jody

Subject: U&O FIP: schedule

Importance: High

Hi everyone,

We learned yesterday from HQ that they are now expecting to finalize their national oil and gas rules in April 2016. Since have been planning on following the national schedule closely, we too are looking at accelerating our schedule for finalizing the U&O FIP. Please prioritize your FIP work to close out any outstanding items as soon as possible. If you need help from others or you are stuck on something, please let me know.

Thanks again to you all, for all of your great work on this effort!

Take care,

Dec
